Criminal Revision No. 64 of 2002

Hon'ble Irshad Hussain, J.

This is a revision petition to quash the order-dated 17.7.2002 whereby the learned Magistrate directed the police authority to register the case and investigate the case. There is no averment that the FIR has not been registered. Consequently, the investigation is in progress and no interference in it can legally be made by this court. The revision is misconceived and is hereby dismissed in limine.
